Experience

Oasis Infobyte -Web Developer
15/07/2023 - 15/08/2023
During my onemonth internship at Oasis InfoByte I independently developed web pages enhancing my coding skills and gaining practical web development experience. This opportunity has been instrumental in my career journey.

Project

HealthSync - Synchronize Your Wellness

"HealthSync" is a cutting-edge web application developed using Node.js, Express.js, MongoDB, and modern web technologies. It offers individuals a powerful and secure platform to manage their personal health records, prioritize preventive care, and receive timely health notifications. HealthSync leverages Docker technology to ensure easy deployment and scalability while providing an intuitive user experience.

Achievements

From academic successes to personal growth, Ive embraced challenges and earned recognition for my dedication. Each achievement fuels my drive for more.
